

LEADING TOGETHER FOR A CHANGE!

This leadership course brings young people, family carers and professionals together to make a difference to the lives of people with a learning disability, autism or both.

There will be 10 workshops between March - November. These will include day sessions, residential overnight stays and a graduation.

We are looking for people:

- 18 - 25 years old
- with a learning disability, autism or both
- living in the North East or Cumbria
- with some leadership experience, for example through school, college, work or a community group.

we are asking for people to apply for a place on the course with a 'buddy' who is also 18-25 years old.

This is someone you know and get on with well, who will support you in your learning at every session. This is because we believe together we are better.
